

1 Timothy 2:8-15

One Point: Be a Hoss (live an unblemished life)

1. Guys, what should women not wear? Girls, same question?
-

Read v. 8-10

1. How do you live a life of holiness? (*hosios* - without blemish) James 5:16
 2. Why does Paul call the women of the church in Ephesus to dress modestly? Is this valid for today's culture?
 3. Decency and propriety means to mix modesty with humility and grieve over sin. How does this relate to doing "good deeds" that are appropriate for women who profess to worship God?
-

Read v. 11-15

1. Do you think women can be pastors?
 2. What is God's design for women?
 3. Statistics are showing that fewer and fewer "men" are not stepping up to lead. Why do think that is?
 4. Guys – What do you need to do to live a life that is unblemished? Girls – How can you help guys grow in their understanding of what it means to be a leader?

What I will be talking about

We need to find someone who can guide us to this place, a place where we live a *hosios* life, a life without blemish. When we do this, we will be a hoss. We will understand why were created different than the other gender and we will live a life that is parallel to how God had it back in the garden of Eden, in peace.
