What I will be talking about

Do you ever feel like you are just going through the motions? Like you are on a hamster wheel: reading your Bible, praying, having faith, going to church, hanging out with "Christians," being happy? That is a zombie Christian: mindless, lifeless, and heartless. God wants you to know the life you can have with Him. But too many times we focus on believing in God when we already got that part down. We need to **move from faith to grace**. When we focus on grace we realize all that God has done for us...moving us out of death and into life. We stop feeling guilty, keep Jesus to ourselves, being tired, praying for just ourselves, dying in our sins. We stop going after brains and just walking without purpose. Instead of live a life that focuses on the grace of God!
